

Pushing the Limits

NOTE: This show is designed for ages 10 and up !!!

Pushing the limits is a brand new show created and designed by Lucas Wilson. The idea of the performance is to push the limits of both Lucas Wilson and magic in general. This ninety minute performance will feature all new illusions, many of which will have their Canadian debut.

Pushing the limits is a cross between a rock concert and a magic show with some weirdness thrown in the middle. This is not your normal bunny rabbit and top hat show. It has been designed for teenagers and adults featuring loud music, bright lights, audience participation and big illusions.

For years, the normal magic show has been boring, dull and childish. This is your chance to experience redesigned magic. From the warped mind of Lucas Wilson, comes new routines that have been ideas for years and have finally been brought to life in pushing the limits.
